

Topic: CareVoyant Updates

Solution:

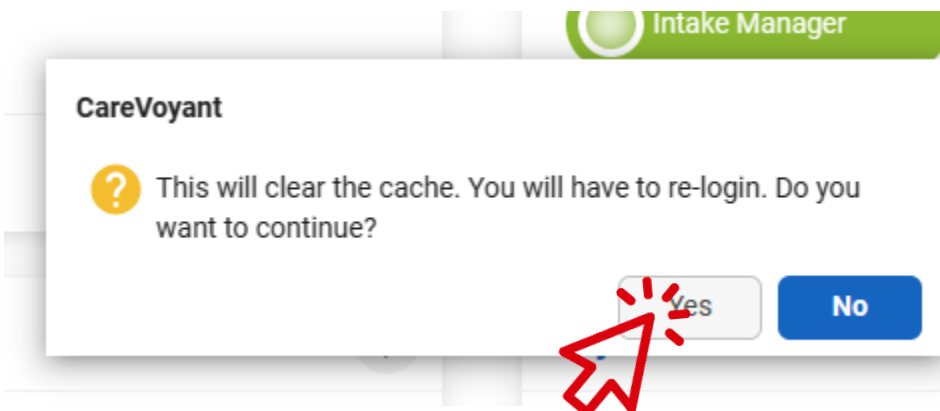

- 1.) Login as usual.
- 2.) Click your NAME in the top right corner.

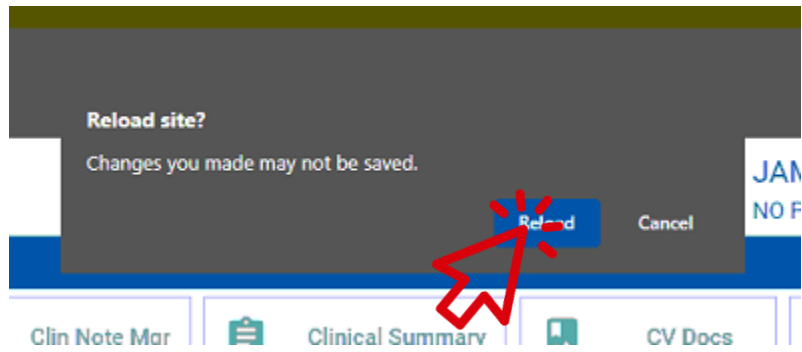

- 3.) Choose CLEAR CACHE from the drop-down menu.

- 4.) Click YES in the pop-up box.

5.) You MIGHT see a small box at the top of the screen, click RELOAD if it appears.

6.) The screen will load after a few moments, then you can log in and continue.
